Dear Lori,

We at loanDepot would like to express our deepest appreciation and thanks to Vision Offices, you and all of the people who work there for Vision.

Our time at the Vision office has been great. The staff is always friendly and attentive.

From the amazing cooperation with the initial leasing of several offices to day to day minor, but important assistance, we've always received professional, fast landlord and office services support.

Vision helped us manage our office rent schedules, rental furniture in's and out's and finally with a smooth transition to our new long-term office space.

There were several times when we need assistance quickly and they did not hesitate to help us. The first time was when we replaced our mail key. We were waiting for our NV license for the office and we had misplaced our mail key with the move. This was no problem for the office. They immediately assisted us in opening the mailbox and inside was our license. This was a huge factor in our business.

When we need office space in Scottsdale again, we will certainly consider Vision first, again.

Sincerely,

A handwritten signature in blue ink that reads "Rick Burns".
